

History—Year 3—How did Ancient Greece Influence the Western World?

Key Knowledge

Ancient Greece is a period of history in Greece from around 700BC. This period of time ran alongside the iron age and ancient Egypt.

The Greeks believed in Gods and Goddesses and built great temples dedicated to them.

The Greeks developed the first Olympic Games in 776BC. Only men could participate.

The Greeks developed democracy.

The Greeks developed theatre.

The Greeks developed the alphabet and maths.

The Ancient Greek period ends when Rome conquers Greece.

Key Places

Greece's position next to the sea created trade, making it an important place in the ancient world.
